**Scope of the Journal:** The journal will publish papers on the theory and applications of stochastic processes. It will be concerned with concepts and techniques, and will be oriented towards a broad spectrum of mathematical, scientific and engineering interests. The journal will be interested in papers dealing with characterization, structural properties, inference and control of stochastic processes. The journal will be exacting and scholarly in its standards. Every effort will be made to promote innovation, vitality and communication between disciplines. All papers will be refereed.

**Publication information:** *Stochastic Processes and their Applications* (ISSN 0304-4149) is published monthly by Elsevier (Radarweg 29, 1043 NX Amsterdam, the Netherlands). Further information on this journal is available from the Publisher or from the Elsevier Customer Service Department nearest you or from this journal's website (<http://www.elsevier.com/locate/spa>).
